CITY OF YPSILANTI
HISTORICAL COLLECTIONS

250

You'll Like Ypsi . . .

If you knew Ypsilanti, its background of traditions and culture, its steady growth thru the years, its fine balance as a residential, educational and industrial community — if you knew these things as the old timers do, you would like Ypsilanti.

The war has brought great changes in the community, but some day Victory will return us to more normal conditions. There will be a new and greater Ypsilanti, but with many of its old traditions, characteristics and ambitions.

It is this Ypsilanti we invite you to learn to like. We would be glad to have you join us as a permanent citizen and to become one of the builders of one of America's outstanding cities.

YPSILANTI BOARD OF COMMERCE

ONE OF 350 POLK DIRECTORY LIBRARIES

This Little Library Can Answer 945,000,000 Questions

MANY TRIPS AT YOUR FINGER-TIPS —
SAVE MANY MILES, MINUTES and DOLLARS

There are over 500 of these directory libraries in the United States. They are installed and maintained by the Association of North American Directory Publishers as part of the service given to directory advertisers.

Think what this means to you in effort, time and money saved. You want to know the relationship of the signer of a letter to the firm he represents —the directory library has the answer; someone you vitally need to get in touch with in a distant city has moved; business addresses or firm names have changed—the directory library has the answer. Public officials have been replaced by new elections; location of real estate is desired—again the directory library holds the answer.

Of course you could write or phone for the data you desire, but maybe you don't know just who to approach—the directory library has the answer.

This service is free, for single reference, to the public.

INTRODUCTION

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1943 edition of the Ypsilanti City Directory. A new feature marks this edition. It is the designation by astericks (*) of residents reported as having moved into the area since Jan. 1, 1942.

Confidence in the growth of Ypsilanti's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Ypsilanti to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Ypsilanti Directory will fulfill its mission as a source of authentic information pertaining to the city.

Five Major Departments

The five major departments are arranged in the following order:—

THE MISCELLANEOUS DEPARTMENT, pages 9 to 15, on white paper, presents lists of city officials; post office, public school and ward boundary Directories; statistical review; and manufacturing, trade and civic surveys.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 17 to 302, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Ypsilanti, and the name, official personnel, nature and address of each firm and corporation in the city. A new feature of this section is the designation, by asterisks, of residents reported as having moved into the area since Jan. 1, 1942.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 305 to 367. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arrangd in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the interscting streets appear at their respective crossing points on each street. Features of this section are the designation of homes and places of business having telephones.

THE BUYERS' GUIDE, preceding the Classified and separately paged from 1 to 32, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Ypsilanti. The advertisements are indexed under headings descriptive of the business repre-

sented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Ypsilanti, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 401 to 442, on white paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Ypsilanti.

The Directory Library

Through the courtesy of the publishers of the Ypsilanti City Directory, a Directory Library is maintained in the offices of the Ypsilanti Board of Commerce, for free reference by the general public. This is one of more than 500 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L POLK & CO.,
Publishers.

II. MUNICIPAL FACTS

FORM OF GOVERNMENT—Mayor-aldermanic.

ASSESSED VALUATION—$13,885,600.

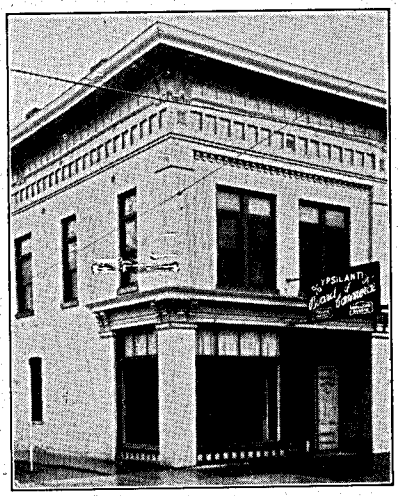
DEBT—City debt, $174,550; school debt, $200,000.

PARKS—9, with total of 69 acres.

WATER SUPPLY—Number of meters, 3,600; flat rate service, 125.

ELECTRIC SERVICE—Detroit Edison Co., 4,300 meters. Same rate as Detroit.

STREET AND SEWER MILEAGE—Hard-surfaced streets, 35 miles; gravel, 12 miles; unimproved, 4 miles; total, 51 miles. Storm severs, 20 miles; sanitary, 40 miles.



Ypsilanti Board of Commerce Office Building

III. INDUSTRY AND COMMERCE

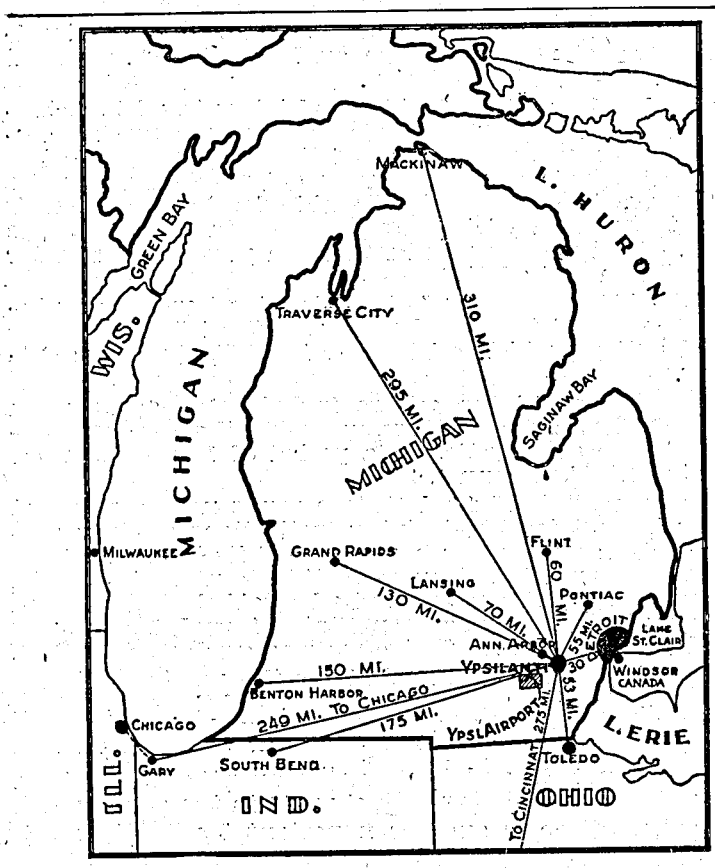
INDUSTRY—Chief industry of city and surrounding territory are manufacturing and agriculture. 17 manufacturing establishments, employing 2,700 workers. Principal manufactured products are automobile parts, accessories and hardware; paper, ladders, oil stoves, dies and tools, garden implements, machinery and felt products. The Ford Motor Co. has a large branch plant here manufacturing starters and generators.

Ypsilanti has become an important war-work center these past two years. The Ford Motor Co. has built for the Government the world's largest factory for making bomber planes. This plant contains over 3,000,000 square feet of floor space, employs 40,000 workmen. It cost $65,000,000 and is located two miles east of Ypsilanti.

TRADE AREA—Retail area has radius of 15 miles, and population of 50,000. About 200 retail establishments.

IV. GEOGRAPHIC LOCATION

Ypsilanti is located on the Huron River and on the Michigan Central Railroad, 30 miles west of Detroit. It is served by bus and truck lines to Detroit on the east, Ann



Arbor and Jackson on the west, and Toledo on the south. Ypsilanti is situated in Ypsilanti Township, Washtenaw County.

V. SUMMARY

GENERAL SURVEY—Ypsilanti was chartered as a village in 1832 and as a city in 1858. The centennial of the city was celebrated in 1923. Ypsilanti has churches of the leading denominations. It has a public library, two theatres and Cleary College, a business school possessing an enviable record for thoroughness. The Ypsilanti Press is a modern daily newspaper. Michigan State Normal College is situated here, and this institution has two publications: The Normal College News and The American Schoolmaster.

MUNICIPAL INTERESTS—Ypsilanti civic and commercial interests are represented in the Ypsilanti Board of Commerce, which enrolls about 400 members. Community spirit has visible manifestation in the community-owned hotel. The Huron, which was opened Jan. 1, 1923. The Huron is up-to-date in every respect, being strictly fireproof and providing 100 rooms to care properly for its guests.

CLUBS AND SOCIAL LIFE—Washtenaw Country Club, the third largest in Michigan, has a golf course of 18 holes, one of the best-built golf courses in the state. Ypsilanti

Airport, with 160 acres, is one of the Detroit suburban landing fields, and promises to be an increasingly important factor in this growing industry.

Two luncheon clubs, Rotary and Kiwanis, with a combined membership of 175, are the effective means of bringing business men and teachers of the city together in two co-operative bodies, and are very effectively serving the community. Through the Ypsilanti Federation of Women's Clubs, the women of Ypsilanti engage in effective civic service. A city year-around recreation program is run for both children and adults.

STATE INSTITUTIONS—The first teacher-training institution west of the Alleghenies was the Michigan State Normal College, which celebrated, in 1927, its 75th anniversary.

The campus of the college includes 107 acres, upon which are located 20 buildings, including three new dormitories. There are enrolled in a period of 12 months 1,500 students. Staff personnel, 200.

Michigan State Normal College ranks not only as one of the foremost teacher-training institutions of the country, but also as a pioneer institution of its kind. In 1849, Connecticut and Michigan established normal schools. Previous to that Massachusetts had established three, and New York one. The Michigan State Normal College was opened in 1852, and its first class was graduated in 1854.

The Ypsilanti State Hospital for the mentally-ill is a new institution located seven miles west of the city, with a capacity for 2,928 patients. Staff personnel, 500.

The Ypsilanti Post of the Michigan State Police was established in 1931 and is now permanently settled in a new headquarters building with six men in the detachment.

Cleary College is another important Ypsilanti school. It is a trustee institution, now 55 years old, with degree courses ranging from one to four years. There are about 200 students.

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1943

Copyright, 1943, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled in with Named Streets in their regular Alphabetical order.

Huron St. is the dividing line for East and West streets and Michigan av is the dividing line for North and South streets.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown

The ♙ preceding names denotes householders and places of business having telephones.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
